deemed to be an offer of such warranty, and its acceptance by the Port. If any breach of these warranties causes or subjects the Port to any losses, suits, claims, damages, expenses or liabilities, such Facility User shall defend, indemnify and save harmless, and reimburse the Port for and against any such losses, suits, claims, damages or liabilities, claims, damages, expenses or liabilities (including attorneys' fees incurred by the Port).

(b) **Vessels** - POL shall assume no responsibility whatsoever for any vessel demurrage, except for that caused solely by the Port’s own negligence.

In the event a vessel is unreasonably delayed in its estimated time of departure from the Port, due to a cause for which the Port is legally liable, Port liability will be computed on the actual down time during regular terminal working hours only and such down time constitutes the extent and limit of Port liability. In no case shall the Port be responsible for other damages, including without limitation, loss of profits, loss of markets, special or consequential damages.

(c) **Waiver of Charges for Delays** – Delays or losses in loading, unloading, receiving, delivering or handling of cargo arising from strikes, slowdowns or riots by any persons in the service of others or arising from any other cause shall not entitle owners, shippers, consignees, or carriers to waive any terminal charges or expenses.

- 8.2 **Indemnity** – Facility User shall defend (using legal counsel acceptable to the Port), indemnify, and hold harmless the Port from and against, and reimburse the Port for, any and all actual or alleged claims, damages, expenses, costs, fees (including, but not limited to, attorney, accountant, paralegal, expert, and escrow fees), fines, and/or penalties (collectively "Costs") which may be imposed upon or claimed against or incurred by the Port and which, in whole or in part, directly or indirectly, arise from or are in any way connected with any of the following: (a) any act, omission or negligence of the Facility User; (b) any use, occupation, management or control of the marine terminal facility by the Facility User, whether or not due to the Facility User's own act or omission and whether or not

Port of Lewiston

As such, the Port and Port Parties shall have the benefit of all rights, defenses, exemptions from or limitations on liability and immunities of whatsoever nature to which the Carrier(s) are or may be entitled under the provision of any Bill of Lading or by law so that the Port and Port Parties shall not, under any circumstance, be under any liability in either contract or tort greater than that of the Carrier(s) themselves. Each Carrier shall indemnify the Port and Port Parties from and against, and reimburse the Port and Port Parties for, any liability, damage and claim (and all expenses connected therewith, including reasonable attorneys’ fees and costs) arising out of loss or damage of cargo if such Carrier fails to incorporate in its bill of lading, or through contract or otherwise fails to apply to the cargo, such rights, defenses, exemptions and immunities and as a result the Port or any Port Parties are unable to take advantage of any such rights, defenses, exemptions and immunities that would otherwise be available to the Port or Port Parties. In the event of conflict between the protections afforded by Bills of Lading issued by ocean and inland carriers, the Port may elect to rely upon the Bill of Lading affording the lower limit of liability.
- 8.4 **Excess Cargo Value** – Carrier will indemnify the Port from and against, and reimburse the Port for, any liability, damage and claim (and all expenses connected therewith, including attorneys’ fees and costs) arising out of cargo loss or damage occurring on the Port’s marine terminal facilities or as a consequence of services provided by the Port at such facilities in excess of \$500 per package lawful money of the United States, or in case of goods not shipped in packages per customary freight unit, if the shipper has declared a value in excess of \$500 per package or customary freight unit and paid to Carrier a higher freight rate by reason of such excess value declaration.
- 8.5 **Other Cargo or Merchandise** – The Port will have no liability for and each Facility User will indemnify the Port from and against, and reimburse the Port for, any liability, damage and claim (and all expenses connected therewith, including attorneys’ fees and costs) arising out of loss or damage to cargo or merchandise that is not moving as cargo by ocean or inland marine carrier (such as specialty

- 8.6 **Limits of Liability** – No provision contained in this Tariff shall relieve the Port from liability for its own negligence nor require any person, vessel, or lessee to indemnify or hold harmless the Port or Port Parties from liability for the Port's own negligence, but in all cases the Port's liability shall be limited as stated in this Tariff.
