**Little Goose Lockage Delays
February 23 - 26, 2015**

Little Goose navigation lockages may be delayed February 23-26, from 9:00 a.m. – 4:00 p.m. Little Goose Lock & Dam is located at Snake River mile 70.3.

Divers will be working on the Juvenile Fish Facility outfall pipe during this time. The lock is required to be out of service while divers operate in this area. Mariners are to expect delays while divers clear from the area to allow vessels to pass through the lock. The lock will return to normal operations at 4:00 p.m each day. Mariners are urged to coordinate lockages at least two hours in advance when possible to minimize delays.

For additional information, call Operations Division, at (509) 527-7113 or (509) 527-7111.
