Slower Lockage Times at Lower Monumental

Locking Through the navigation lock at Lower Monumental Lock & Dam, located at Snake River Mile 41.6, may require additional time through 29 July.

Project personnel are conducting repairs and must manually operate the spillway gates to achieve friendly spill patterns for vessels transiting the tailrace. Vessel lockage times may lengthen by approximately 15 minutes.

For additional information, call Operations Division at (509) 527-7115 or (509) 527-7112.
