**NAVIGATION LOCK CLOSURES
LOWER MONUMENTAL LOCK AND DAM**

The Navigation Lock at Lower Monumental Lock and Dam will be closed daily starting 31 August 2020, between the hours of 0800-2000. These outages are necessary for divers to perform removal and replacement of lock floating guide wall cables that hold the guide wall in place. The work is planned for completion by 16 September 2020.

PROJECT AFFECTED: Lower Monumental Lock and Dam - Snake River Mile 41.6

If efficiencies in the contractor's work allow for an earlier opening on a particular day, river traffic will be locked prior to 2000 hours. River users may contact the Lower Monumental Shift Operator at (509) 282-7231, or VHF-FM Channel 14 using call sign WUJ43 Lower Monumental, to determine if the daily work schedule allows for an earlier opening.
