LOCKAGE DELAYS AT LITTLE GOOSE NAVIGATION LOCK

During the recent navigation lock maintenance outage, damages to one of the lock drain valves were discovered. Due to the nature of the damage, the valve was not able to be repaired during the outage. Repairs are planned to be complete by 1700 on 19 March 2022. Lock users will experience slower lockages until the valve is repaired and tested.

PROJECT AFFECTED: Little Goose Lock and Dam – Snake River Mile 70.3

For additional information on this work contact the Little Goose Shift Operator at (509) 399-2233, x231.
